Members of Former Imperial Household Reach Doorn for Sunday's Event.

Doorn, Holland, Oct. 30 (Associated Press).—At the cheiteau of former Emperor William of Germany preparations are actively proceeding for his wedding next Sunday to Princess Hermine of Reuss. Wagonloads of plants and flowers are arriving daily.

Many persons connected with the former imperial household, including the famous Potsdam chef, are here.

Former household officials will wear the customary gala uniform of black, with silver lace embroidered with imperial eagles and silver neck chains. Secrecy continues to be observed. William each morning giving only the orders for that day, so as to prevent any "leaks." Burgomaster Schimmel-Penninck alone possesses the secret of the hour at which the civil ceremony preceding the religious ceremony will be performed. The Burgomaster will not wear his uniform. He will read the official documents in Dutch, but since William and Hermine do not onderstand that language he will, as a matter of courtery, conduct the remainder of the civil ceremonies in German.

BERLIN. Oct. 30.—The Zeitung Am Mittag states that former Crown Prince Frederick William plans to attend the wedding of his father, former Emperor William, and Princess Hermine of Reuss, but will not be accompanied to Doorn by his wife, who strongly disapproves of the union.

For here is a motion picture which is so far ahead of any spectacle that has ever gone before that it is impossible to appraise it in the same terms that have been applied to previous efforts. It represents the high water mark of film production—the farthest step that the silent drama has ever taken along the highroad of art. If any one picture could be strong enough to lift the movies from their much mooted infancy and carry them into a state of maturity. "Robin Hood" is that one.
